... Pvt. Edward E. Sheffield

Doss, publicity chairman, attended the annual conference of the Third U. D. C. District, held at Rocky Mount Friday. Mrs. Archer Overby, of Chatham, is the district chairman. The Jubal A. Early Chapter of the U. D. C. was host at the meeting, Mrs. Charles Busbee is chapter president.

The leaders of the organization, Miss Alice Whitley Jones, of Richmond, president of the Virginia Division, and Mrs. Robert Bachman, Washington, President General of the U. D. C., were speakers at the meeting. Miss Jones discussed the five principal objectives of the U. D. C.: historical, benevolent, educational, social and memorial work. Mrs. Bachman spoke on the true meaning of the Civil War Centennial, which officially opened this year.

Mrs. Robinson, Mrs. Johnson, and Mrs. Doss spent the night at Chatham, and attended a reception at the home of Mrs. N. E. Clements, Historian of the Rawley Martin Chapter, D. C. C. Other Division officers attending besides Mrs. Robinson were Miss Jones, President; Mrs. Francis J. Pease, Corresponding Secretary; Mrs. Roy L. Hash, Treasurer; Mrs. Ermine K. Wright, Registrar; Mrs. George T. Winn, Recorder of Crosser, and Mrs. Bachman, President General.

A called meeting of the County Board of Supervisors will be held tonight, to discuss the matter of making a recommendation as to the changing of clocks to Daylight Saving Time, according to F. L. Murphy, chairman of the Board.

With Lynchburg unofficially on DST and counties and towns to the east and south on Eastern Standard Time, Appomattox is caught in a jam of "fringe area" as to time. Either way Appomattox goes will involve problems.

The State has taken no official action, but has a general policy of "going along" with local decisions as to the time. The Appomattox Town Council met last week and decided to await county-wide action, and accept whatever the rest of the county did.

It is considered likely that the county will recommend moving up the work hours an hour, possibly as of Monday. A problem as to public schools exists, and it is very likely that school buses will run an hour earlier starting this Monday. Action at such levels as State Highway, State Police, Transco, county offices, post offices etc. will be worked out or not, according to the overall policy of the agencies involved. Without official state action it is not probable that a complete uniform pattern will result. Such factors as hours of church services, etc. will await molding into the county-wide pattern.

Local governing bodies have only power to recommend changes in the clocks. However, most local business activities "go along" voluntarily with whatever the governing bodies recommend.

Pre-School Visiting Day

A preschool visiting day will be held on May 10 for all children who will enter the first grade of Appomattox Elementary School for the 1961-1962 session.

Miss Flora Belle Williams, principal, has announced that the children will spend the day and become acquainted with the first grade teachers and visit the different areas in the building.

Parents are invited to come with their children, and spend the day, also.

Those who have not registered prior to this date are urged to bring with them the birth certificates of the children and to fill in all of the necessary forms required of beginning pupils.

The present first grade pupils of Mrs. Sallie Martin and Mrs. Lucie Stapler will remain at home on this day and the entire day will be spent in orienting the new pupils of that day.

ASC GIVES DATA ON CORN - GRAIN SORGHUM

As of April 25, corn and grain sorghum producers on 40 farms in Appomattox County filed the acre forms indicating their intention to participate in the 1961 feed grain program, W. D. Hix, III, Chairman, County Agricultural Stabilization and Conservation Committe, announced today.

In an effort to increase farm income and to stop the buildup of feed grain supplies, the program provides special payments to corn and grain sorghum producers who agree to divert a portion of the acreage formerly planted to these two crops to an approved conservation use. While the program is voluntary, corn and grain sorghum producers will not be eligible for price support on any of their 1961 feed grain crops unless they cooperate in the feed grain program.

The Chariman reported that 336 acres of corn on the "participating" farms have been signed up for diversion to conservation uses. The farms have 1959-60 base acreages totaling 558 acres. The minimum and maximum diversions for a particular farm are calculated from its 1959-60 base acreage.

Many of the people who are in a hurry have nothing else to do.

Labor saving devices do no good unless the time saved is used wisely.

A. H. S. WINS OVER NEW LONDON

DO - DE BANQUET IS HELD HERE

The annual DE-DO Employer-Employee Banquet was held at the Parkway Restaurant on May 3, at 7:00 P. M. Thirty students and employers attended. Mr. John S. Grinnis was the guest speaker. The occasion was greatly enjoyed by all who attended.

Feed-Grain Program

The sign-up of farmers in the 1961 feed grain program is now well under way in Appomattox County, according to word from W. D. Hix, III, chairman, County Agricultural Stabilization and Conservation Committee. The program provides payments to corn and grain sorghum producers who divert a portion of the acreage formerly planted to these crops to an approved conservation use.

About 200 Appomattox County farmers have filed reports of their 1956-60 crop acreages indicating their interest in the program. Of this 200, 75 corn and grain sorghum growers have signed agreements to reduce their acreages for 1961. Advanced payments totaling more than $8,000.00 have been paid these producers.

The average county rate is $26.-90 per acre for reducing such acreage as a minimum of 20% below the base 1959-60 average. Individual farm rates may be higher or lower, depending on the farm's productivity in relation to the county average. A higher rate will apply for reducing corn and grain sorghum acreage from 20 to 40 per cent below the base.

Acreage diverted under the feed grain program must be put to an approved conservation use, and it must represent an additional amount over the farm's average acreage devoted to a conservation use in 1959 and 1960.

Corn and grain sorghum producers who are interested in taking part in the feed grain program are urged to get in touch with the county ASC office right away.

PANCAKE SUPPER

Don't forget the Pancake Supper tonight at West End Market, sponsored by the Men's Club of Memorial Methodist Church.

"GIRL OF THE MONTH"

Miss Margie Megginson, daughter of Mr. and Mrs. Wallace Megginson, of Spout Spring, Va., has been recognized as G. A. A. of the month from the Spout Spring Baptist Church G. A.'s.

There will be a 'new look' when Holliday Lake Recreational Area opens on May 30.

In preparation for the coming season, the beach is being resanded, with 420 tons of new white sand, adding a five-inch layer of surfacing. This will add greatly to the pleasure of bathers and all who use the local area beach.

A permanent diving tower has been installed on the main beach, in about 8 feet of water. This replaces the previous diving tower, and the new installation should be very popular with those who like to dive and enjoy its use.

The new sand is now arriving, and is being placed to give the new surfacing on the beach.

About twenty new picnic tables are being added to the recreational area. This will greatly increase the availability of the area for picnic use. Many family groups go to this area for out-door meals, and family reunions, and group meetings. The area will now be able to take care of many more of these recreation seekers.

Hours this year, with two life guards on duty, for bathing will be 10 A. M. to 6 P. M.

Mr. H. B. Smith will again operate the concession and bathing facility.

The Holliday Lake Recreational Area is operated by the Virginia Department of Conservation and Economic Development, Division of Parks. The local foreman for this area is G. A. Addy, who resides at the Lake.

Attendance last summer was estimated at 62,000.

The entire Appomattox area always looks forward to the opening of Holliday Lake. Many local residents fish there during the year, and this sport, as well as boating, adds to its recreational services.

Repairs are being made to the approaching highway, and it would appear that Holliday Lake is in fine shape to have a banner season.
